

## CONTEMPORARY SCANDINAVIAN

"This kitchen takes pride of place in the main living area of a home situated in the Perth Hills, overlooking the stunning views of the Perth City skyline. The kitchen takes advantage of the natural light throughout the home, as well as the breathtaking scenery. The room integrates seamlessly with the living areas to create a social and functional family space. We drew inspiration from the natural surroundings, using a neutral palette with feature timber accents. The huge breakfast bar area accommodates ample seating, perfect for socialising with friends and family. The cuboid open shelving cabinets tie the kitchen and living spaces together harmoniously, through their unique and striking display. Quality hardware, fixtures and fittings, as well as a handle-less design, ensures the kitchen is as functional as it is beautiful. This kitchen is truly a pleasure to be in."
